

# SWEET RED 2021

## SPECIES

Blend of selected red varieties.

## HABITAT

The grapes used to make this luscious red wine come from the Breedekloof wine region, where the typical Mediterranean climate creates the perfect conditions to grow red grapes to full-flavoured ripeness. That is, until they glisten like rubies in the sun and are ready to be harvested!

## GESTATION

In the cellar, the grapes are sorted and crushed. The juice is left to ferment on skins for good colour extraction. After fermentation the wine is pressed and undergoes secondary malolactic fermentation. No oaking ensures low, silky tannins.

## CHARACTER

Lower-alcohol and just the right amount of sweet, it's bound to be love at first sip when tasting this deliciously drinkable red. It brims with enticing strawberry and cherry flavours, and notes of spicy dark chocolate that will sweep you off your feet.

## FOR YOUR DRINKING PLEASURE

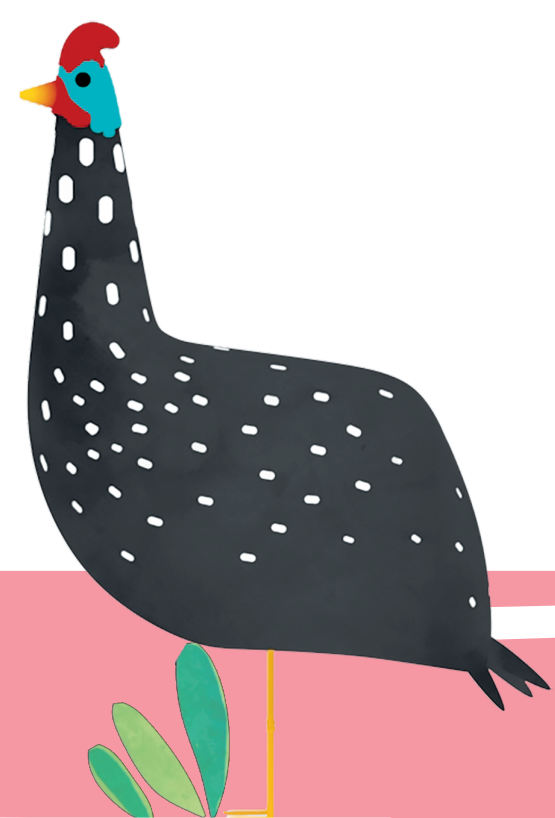

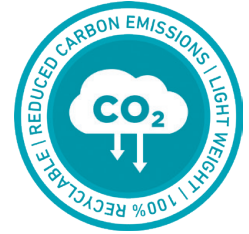

This elegantly sweet and unwooded wine is made for effortless, early drinking. Enjoy it simply on its own, with sticky basted ribs or chocolate desserts.
